<b>Question:</b>	What were the strongest qualities of the course?
<b>Response Rate:</b>	87.50% (7 of 8)
1	the hands on learning and demonstrations in class.

2	The student to professor ratio and the software
3	The strongest qualities for this course was being able to learn way more about Illustrator. I enjoyed how Kyle would show us how to use something on Illustrator then we would go and do the assignments with what we learned in class.
4	The strongest qualities were the communication between classmates to help each other out through constructive criticism.
5	The environment of the classroom was very positive and friendly
6	Showing the basics of Adobe Illustrator.
7	Got to learn about different software and how to use it.

<b>Faculty:</b>	Kyle Herges
<b>Question:</b>	What suggestions would you offer the instructor to improve the course?
<b>Response Rate:</b>	87.50% (7 of 8)
1	Not sure, maybe offer 1 on 1 help? Sometimes it's difficult to keep up in class and hard to follow on a video.
2	None, it was easy to follow the schedule that we did each week.
3	None!
4	More donuts
5	I wouldn't change anything about this course! This was the best course I took so far! It was fun and challenging. It was just a great experience to final get to learn more about my major and what different programs I will be using in the future. This was a fun course to be in!
6	I had a hard time accessing the video tutorials the website they were purchased from. More in depth instructions on accessing them or another way of distributing them might be helpful but may have also just been user error.
7	Have students reuse and build on using the tools/shortcuts we learned so that students don't forget how to do something from a few weeks ago.

<b>Question:</b>	What were the strongest qualities of the course?
<b>Response Rate:</b>	80.00% (4 of 5)
1	peer feedback

2	The professor was organized and very helpful with feedback on assignments. He made class presentations fun and work days fun as well.
3	I would have to say the creative aspect. I was taught how to use tools in adobe illustrator that aided me in accomplishing artworks that I never thought I could do.
4	Critique day is my favorite day, I learn more on those days than any other day. I also love having the tutorial videos, those have been very helpful.

<b>Faculty:</b>	Kyle Herges
<b>Question:</b>	What suggestions would you offer the instructor to improve the course?
<b>Response Rate:</b>	60.00% (3 of 5)
1	Nothing needs to be added.
2	None
3	Encourage the class to do the discussions earlier in the week, because I forget to go back and reply to people on late Thursday nights, because I have to wait for people to post so I can reply to them.

<b>Question:</b>	What were the strongest qualities of the course?

<b>1</b>	Everything about it was good in qualities from the teacher to what we learned and did.
<b>2</b>	interacting with everyone
<b>3</b>	I would have to say being able to learn new ways to create things through Illustrator, and then being able to use those applications in a way we may see if the real world some day.

<b>Faculty:</b>	Herges, Kyle N
<b>Question:</b>	What suggestions would you offer the instructor to improve the course?
<b>Response Rate:</b>	80.00% (4 of 5)

<b>1</b>	Nothing the class is good enough already and does not need any changes to improve the class.
<b>2</b>	he's a great teacher I like him as a teacher
<b>3</b>	Have some type of way to almost quiz us over what we learned prior to the next thing we're going to learn, this way we'll be able to remember what we've learned and not just forget it after we're done with a particular assignment.
<b>4</b>	Have a book, it was so hard for me to learn anything without a visual reference. The videos are some what helpful but they are not enough.
