Question: What suggestions would you offer the instructor to improve the course?
Response Rate: 80.00% (4 of 5)

1	Nothing the class is good enough already and does not need any changes to improve the class.
2	he's a great teacher I like him as a teacher
3	Have some type of way to almost quiz us over what we learned prior to the next thing we're going to learn, this way we'll be able to remember what we've learned and not just forget it after we're done with a particular assignment.
4	Have a book, it was so hard for me to learn anything without a visual reference. The videos are some what helpful but they are not enough.
