Question:	What were the strongest qualities of the course?
Response Rate:	100.00% (4 of 4)

1	The way he teacher the techniques we use in class works really well.
2	Mr. Herges is extremely kind hearted. He is always more than willing to help with assignments and encourages us to email him our work before we turn it in so he can help us on it. He is very helpful and i look forward to having classes with him in the future.
3	I thought that this course was well organized and the objectives of each assignment were clearly communicated.
4	Access to computers

Faculty:	Herges, Kyle N
Question:	What suggestions would you offer the instructor to improve the course?
Response Rate:	100.00% (4 of 4)

1	The discussions, I feel like we don't get anything out of them.
2	<p>The course involved a weekly class-wide discussion of each person's assignment. This was useful because then a student can see every other iteration and hear all of the instructor's tips on each problem. Students in the class were not always engaged in the discussions (it was at 8 am). I think we could have done a few one-on-one discussions and had some sort of assignment where we critique with more depth.</p> <p>* Inappropriate words were found and removed from this response.</p>
3	Keep doing what you are doing.
4	Easier projects

Course: DMD 203 A - Digital Imaging	Department: DMD

Question: What suggestions would you offer the instructor to improve the course?
Response Rate: 50.00% (4 of 8)
1 i have no suggestions, i think that this course was exciting and will be beneficial to me in the future.
2 Nothing it was all really good and does not need to be improved.
3 The design classes at DWU are the only ones I have ever taken and between the few instructors I've had, these ones are easily my favorite. The assignments are structured the same way each week and the same deadlines are set each week so there are never any surprises. The only suggestion I have is to put more emphasis on the discussions each week and maybe discuss them in class. I had a lot of trouble remembering to do them this semester, and if discussing them was apart of class it would be more of a priority and easier to get done I think.
4 The only thing I didn't like about this course was the time. Other than that it was great!

Question: What were the strongest qualities of the course?
Response Rate: 70.00% (7 of 10)
1 the projects were really fun!
2 4. No book. The nature of this class and Kyle's teaching style and use of online resources makes the lack of a book a null point. Very informative class. Teaching us the tools to learn was his strong quality and he allowed us to experiment and learn by making mistakes in a constructive environment.
3 reviewing each design in class
4 The best part of this class was the set up. We had discussions over our projects on Tuesdays, which really helped in making you better at Photoshop. On Thursdays we would learn some different things about Photoshop then get a project assigned to us.
5 I enjoyed learning how to manipulate my photos in so many ways, and I look forward to using what I have learned in the future.
6 kyle was very good at letting us know how to do what we needed to do. he was very good at showing us what to do and how to do it.
7 Being able to have enough time to make quality designs and effective time to reach my deadlines.

Faculty: Herges, Kyle N	
Question: What suggestions would you offer the instructor to improve the course?	
Response Rate: 40.00% (4 of 10)	
1	i wouldn't change anything about this class, i loved every minute of it.
2	During the example portion of every assignment, having a few useful shortcuts (keyboard) to add to a cumulative list of shortcuts for the course. This list could be kept on tiger net and contributed by the class via the forum. I think this would be a very useful addition and would require little work and no additional grading. This would just be a great resource for students wanting to optimize their time.
3	I don't have any suggestions. I think this class it taught very well and it was fun to be in!
4	More assignments that dealt with more clients.
